

The Hong Kong Institute of Acoustics and the Hong Kong Polytechnic University warmly invites you to attend the 46th International Congress and Exposition on Noise Control Engineering (INTER-NOISE 2017) with the theme of “**Taming Noise and Moving Quiet**”. The Congress is organized in conjunction with the Acoustical Society of China and the NVH Committee of the Society of Automotive Engineering, China. It will be held in Hong Kong from 27 to 30 August 2017 at the Hong Kong Convention and Exhibition Centre (HKCEC).

INTER-NOISE 2017 will provide the best opportunity for engineers and scientists in all fields of acoustics to learn about and share their work with colleagues from around the world. Five keynote speeches and more than hundred technical sessions would be arranged for exchange of views and sharing of experience.

Technical Programme

A broad variety of technical sessions are grouped into the following themes and led by international experts.

- Active Control of Sound and Vibration
- Acoustics Materials
- Aircraft Noise
- Architectural Acoustics / Building Acoustics
- Education
- Environmental Noise
- Flow Induced Noise and Vibration
- Industrial Noise
- Noise & Health
- Psychoacoustics
- Acoustic Signal Processing
- Product Noise & Sound Quality
- Soundscape & Noise Management
- Speech & Communication
- Transportation Vehicle Noise and Vibration
- Tyre/Road Noise
- Underwater and Maritime Noise
- Vehicle noise vibration and harshness (NVH)
- Vibro-acoustics

Congress Registration

Categories	Standard Registration (29 April – 20 August)	Onsite Registration (After 20 August)
Full Delegate	USD 800	USD 880
Student	USD 250	USD 250
Accompanying Person	USD 130 per person	
Additional Paper	USD 180 per paper	
Congress Banquet	USD 110 per person	

Sponsorship and Exhibition Opportunities

The Congress provides an unrivalled opportunity to connect directly with a significant group of world leading engineers and experts. There are a number of ways for your company to be involved in the exhibition giving an opportunity to network and raise your profile within the industry. Packages can be tailored to help achieve specific objectives and can be found in the Congress website at www.internoise2017.org.
