

Technical Visit to Hin Lee (Zhuhai) Shipyard

Co-organised by ASME HK/ HKIE MMNC/ IMechE HK

Event Date/Time: 25 May 2013 08:00 to 14:30

Event Type: Technical Visit

Event Address: Hin Lee (Zhuhai) Shipyard

No 1, Doumen Gang Lu, Doumen District, Zhuhai, China

Description

The Hin Lee (Zhuhai) Shipyard is one of the most modern and most versatile of the many shipyards located in the Pearl River delta area of Guangdong Province in South China. Their history dates back well over a century to a small building and repair yard for steamboat at Po Tung Point in Shanghai. As evolved through the 140 years of family-ownership, Hin Lee has developed and made everything from ferries to tugboats to large motoryachts.

This visit will be an eye-opener for the mechanical engineers in Hong Kong to see how a modern shipyard facility is run. Besides it will serve as a good social gathering opportunity for networking as the trip is such devised that the participants will tour the shipyard in the morning, enjoy a relaxing lunch at the famous Zhuhai Seafood Street and dismiss in Gongbei. Thereafter the participants can be at their leisure to do a bit of sightseeing in Zhuhai and/or Macau before making the return journey to HK because the return ferry is pre-booked and pre-paid for the last return schedule of the day.

Programme

08:00 Gather at China Hong Kong Ferry Terminal (Tsim Sha Tsui)

08:30 - 10:30 Depart HK for Doumen Port by ferry

10:30 - 12:00 Tour the shipyard

12:00 – 14:00 Leave for lunch at Zhuhai Seafood Street

14:00 – 14:15 Leave for Gongbei and dismiss

14:15 Free tour in Macau and depart Macau for Hong Kong on or before the last scheduled ferry

Details of transportation arrangement: to be advised

Fee: HKD200. Registration is on first-come-first-serve basis and limited to 20 persons only.
